LEGISLATIVE UPDATE - June 28, 2016

Contact: Valerie Lakey vlakey@mayersmemorial.com (530)336-5511 Ext. 1136

Key Legislation:

AB1300 (Ridley-Thomas) Support

Specifies that a trained Emergency room physician in non-designated hospitals, after conducting and assessment, have the authority to write and release individuals from a 72-hour involuntary hold. Currently, there is no consistent statewide policy for the involuntary hold process.

Passed Full Assembly 1-27-16 Currently in Senate Health Committee - Passed Senate Health last week

AB2024 (Wood) Support

Rural CA has 1 physician for every 3,500 people. #AB2024 will bring more doctors & better access to care.

Passed Full Assembly 5-5-16
Passed Senate Health Committee 6-23-16
Currently in Senate Appropriations

SB323 (Hernandez) Support

This bill would authorize a nurse practitioner who holds a national certification from a national certifying body recognized by the board to practice without the supervision of a physician and surgeon, if the nurse practitioner meets existing requirements for nurse practitioners and practices in one of certain specified settings. The bill would prohibit entities described in those specified settings from interfering with, controlling, or otherwise directing the professional judgment of such a nurse practitioner, as specified, and would authorize such a nurse practitioner, in addition to any other practice authorized in statute or regulation, to perform specified acts, including the acts described above, without reference to standardized procedures or the specific need for the supervision of a physician and surgeon. The bill, instead, would require a nurse practitioner to refer a patient to a physician and surgeon or other licensed health care provider if a situation or condition of the patient is beyond the scope of the nurse practitioner's education and training. The bill would require a nurse practitioner practicing under these provisions to maintain professional liability insurance appropriate for the practice setting. By imposing new requirements on nurse practitioners, the violation of which would be a crime, this bill would impose a state-mandated local program.
